

Timothy Takahashi is presently Professor of Practice - Aerospace Engineering, School for Engineering of Matter, Transport and Energy, Arizona State University. He has a Ph.D. in Mechanical and Aerospace Sciences from the University of Rochester. In addition, Takahashi is completing a J.D. in High Tech Law at the Santa Clara University School of Law (expected May 2013).

Before joining ASU and attending law school, he worked in the aerospace and defense sector. During his years in industry, he wrote many papers regarding the technical engineering aspects of advanced technology flying machines, including unmanned systems. Presently, he is diversifying his scholarly activities to address the public policy implications of such technology.
